

AUTHOR GUIDELINE ARTICLES
JOURNAL OF EDUCATIONAL SCIENCE AND TECHNOLOGY (EST)
UNIVERSITAS NEGERI MAKASSAR

Website: <http://ojs.unm.ac.id/index.php/JEST/index>

Journal of Educational Science and Technology (EST) is International Journal a peer-reviewed scientific open access, with e-ISSN : 2477-3840 and p-ISSN 2460-1497 published by Graduate Program of Universitas Negeri Makassar.

EST published research articles on Education, mainly related to teaching, learning, theories and practices in education, Education Policy, Curriculum and Materials Development, Teacher Education, Technology and Media of Teaching, and other relevant activities. Before submission, please ensure the articles refer to the template and author guidelines. Any papers not fulfilling the requirements based on the guidelines to authors will not be processed.

Submission Guidelines

1. Manuscript submitted should be between 3000-4000 words (including references, notes, and tables) in length.
2. Manuscript should not have been published previously elsewhere in any form.
3. Manuscript will be examined to avoid plagiarism.
4. Manuscript is presented in the following components;

Title: it should preferably be no more than 14 words maximally. 14 size Times New Roman font.

Name of author(s): it should be typed below the title in Bold, 10 size, Times New Roman font without a degree and must not be shortened. Below the author's name, it should be written area of expertise, name of institution, and email address.

Abstract: it should be no more than 200 words, typed in English in one paragraph summarizing your main points including research objective, research method, analysis techniques, and results of the research. It should be typed in Times New Roman font, single space, and written in italics.

Keyword: five keywords maximally separated by a comma, typed in double space below the abstract [11 size, Times New Roman font, single space, and written in italics].

Introduction: it is typed in all capitals [bold, 12 size, Times New Roman font], The introduction is typed in capital letters, containing the background described with the previous state of the art research. At least 5 pieces of literature can be able to justify novelty, overcome a problem, urgency and rationalization of activities, literature review, problem-solving plan, and hypothesis development, analysis GAP, solution to problems, renewal of science, reference to primary sources, describe objectives and hypotheses at the end of the introduction [normal, 11 size, Times New Roman font].

Methods: it describes the approach used, object, variables or focus of the research, research location, population and sample/informant, instruments, data collection techniques, data analysis techniques [normal, 11 size, Times New Roman font].

Results and Discussion: the results of the research are presented completely including tables, graphics, and/or diagrams, and in accordance with the scope of the research. Table and graphics are numbered and titled. The results of the analysis are interpreted correctly. The discussion section is separate from the results, describing the findings logically, linking with relevant reference sources. The discussion section explains the findings logically and relates it to relevant reference sources. The discussion contains: what / how: whether the data presented has been processed (not the raw table) set out in the form of tables or images (choose one) and give comments, (why) the discussion section shows a link between the results obtained and the basic concepts and / or What else is there a match or contradiction with the results of other people's research, also explain the implications of the results of both theoretical and application research. [normal, 11 sizes, Times New Roman font]. [normal, 11 size, Times new Roman font].

Acknowledgments: Describe anyone who directly helps your research such as funders (an institution called non-personal), may be supplemented by the research contract number.

Conclusion and Suggestion: it could be brief summary of the research. Conclusion is research finding which answers the research questions or research objectives. The results of the research provide suggestions/contribution on the application and/or development of knowledge [normal, 11 size, Times New Roman font].

References: it contains sources of references with at least 80% literature published in the last 5 years. The references should refer to the publication manual of the American Psychological Association (APA) fifth edition. All sources listed in the references must be in the article script using the reference application such as Mendeley, Zotero, AndNote

1. Articles are typed in Microsoft Office Word format. Using Times New Roman font size 11, single space on A4 paper.
2. Every article to be published by the author is obliged to contribute the cost of publishing.
3. People who want EST journals in print form can be in contact with journal managers
4. Articles typed in Microsoft Office Word format. Using Times New Roman font size 11, single space on A4 paper. Paper format 3-3-2-2 (left-up-right-down).
5. Authors can submit and register articles through online OJS EST Journal on website page: <http://ojs.unm.ac.id/JEST/>
6. All articles should be sent by e-mail in Bahasa Indonesia and English, and sent to the editor:
